100-Word Product Description	Enhance your audio with the CORSAIR HS80 MAX multiplatform gaming headset. Enjoy true audio immersion via high-fidelity 2.4GHz wireless, and activate Dolby Atmos® on PC to place yourself in the middle of the game with detailed, three-dimensional sound cues. The HS80 MAX includes <i>Bluetooth</i> ® support to connect to a myriad of devices. A high-performing omni-directional microphone boasts exceptional dynamic range, so you can have a clear, commanding presence on the battlefield. Listen up to 65 hours on a single charge in cushioned comfort thanks to plush memory foam ear pads and a stress-free floating headband. Sonarworks SoundID Technology personalizes your headset's sound to match your unique hearing profile, so you can forge your own legacy with the HS80 MAX.
50-Word Product Description	Enhance your audio with the CORSAIR HS80 MAX multiplatform gaming headset. Enjoy true audio immersion via high-fidelity 2.4GHz wireless and activate Dolby Atmos® on PC, or connect to a myriad of devices over <i>Bluetooth</i> ®. A high-performing omni-directional microphone boasts exceptional dynamic range, so you can have a clear, commanding presence on the battlefield.
25-Word Product Description	Forge your legacy with CORSAIR HS80 MAX multiplatform gaming headset. Enjoy true audio via high-fidelity 2.4GHz wireless and <i>Bluetooth</i> ®, with immersive Dolby Atmos® and a high-performing omni-directional microphone.

Product Features (Style 1)

- Low-Latency 2.4Ghz Wireless Plus *Bluetooth®*
- Compatible with PC, Mac, PS5, PS4, and mobile
- Up to 65 hours of battery life* and 50ft of wireless range
- High-fidelity 24bit/96kHz sound via wireless
- Premium memory foam and breathable cloth fabric ear pad
- Comfortable floating headband design
- Durable aluminum-reinforced construction
- Immersive Dolby Atmos® spatial audio on PC
- Matched pair of precisely tuned 50mm neodymium drivers
- Compatible with Tempest 3D Audio on PS5
- Broadcast-grade omni-directional microphone
- Sonarworks SoundID technology
- NVIDIA® Broadcast mic enhancement technology
- Dynamic RGB lighting on each ear cup
- Powerful CORSAIR iCUE software

*With RGB off. Up to 24 hours over 2.4GHz with RGB on.

Product Features (Style 2)

- 1. Low-Latency 2.4Ghz Wireless Plus *Bluetooth®*:** Enjoy low-latency 2.4Ghz wireless audio with an amazing range of up to 50ft and high-fidelity 24bit/96kHz sound – double that of typical gaming headsets – plus *Bluetooth®* connectivity.
- 2. Multiplatform compatibility for PC, Mac, PS5, PS4, and Mobile:** Use the same headset for PC, Mac, or PlayStation, or connect via *Bluetooth®* to mobile devices and more.
- 3. Long-Lasting Battery Life:** Enjoy up to 65 hours of battery life over 2.4GHz wireless or up to 130 hours with *Bluetooth®*. (With RGB off. Up to 24 hours over 2.4GHz with RGB on.)
- 4. Hours of Long-Lasting Plush Comfort:** Memory foam ear pads with breathable cloth fabric and stress-free floating headband design deliver incredible comfort and are reinforced with lightweight aluminum to endure years of competitive gaming.
- 5. Dolby Atmos® Spatial Audio on PC:** Place the sounds of the game all around you with three-dimensional staging, so you can truly hear and experience the finest details your games have to offer.
- 6. Stunningly Detailed Sound:** Hear all the sounds of the game with precisely tuned 50mm high-density neodymium speaker drivers, delivering a wide frequency range, with support for Tempest 3D Audio on PS5.
- 7. Omni-Directional Microphone with NVIDIA® Broadcast:** Command your team with crisp clarity on an omni-directional microphone with exceptional dynamic range, plus AI-assisted NVIDIA® Broadcast mic enhancement technology for background noise and echo reduction. (Requires a compatible NVIDIA GeForce RTX graphics card.)
- 8. Sonarworks SoundID Technology:** Sonarworks SoundID personalized sound control tailors your headset settings to your personal audio tastes on PC and Mac.
- 9. Powerful CORSAIR iCUE Software:** Offers customization of RGB lighting on each ear cup, synchronized with your iCUE setup, along with a range of pre-tuned audio profiles, SoundID control, and custom tuning of your equalizer settings.
